

## Q8 Degreasing Fluid HFB

### Application

- An emulsifiable degreasing fluid for cleaning of machinery, vehicles and floors of workshops
- May be applied undiluted and rinses afterwards with cold water

### Benefits

- Strong penetration of dirty oily deposits
- Product has high flash point, and therefore safer in use
- Minimal corrosion of copper and ferrous metals
- Readily emulsifies with water without gel formation
- Good biodegradability

| Properties                 | Method | Unit               | Typical        |
|----------------------------|--------|--------------------|----------------|
| Appearance                 | KPI 70 | -                  | Bright & clear |
| Absolute Density, 15 °C    | D 4052 | g/ml               | 0.7620         |
| Kinematic Viscosity, 40 °C | D 445  | mm <sup>2</sup> /s | 1.55           |
| Colour, visual             | -      | -                  | Light yellow   |
| Flash Point, P-M           | D 93   | °C                 | 105            |
| Pour Point                 | D 97   | °C                 | -18            |
